SIENA

The Siena collection features a dense, double-width fabric woven with a twill binding. It offers a range of both solid and mottled colors, all characterized by a fine lustre and a graceful drape.

With its double-sided design, Siena is ideal for use as a room divider or in spaces requiring privacy, such as fitting room curtains. Additionally, it boasts excellent sound-absorbing qualities, making it a versatile and practical choice.

This fabric is suitable when fire safety, ease of care and colour durability are priorities.

Please be aware that screen colours, printer colours and fabric dye batches may vary.
