

CHALET

Chalet is a rustic and textured heavy upholstery fabric made with a linen and wool mix, together with a little polyamid it makes a very strong fabric with 100.000 martindale rubs, the threads are very thick with the same density in warp and weft which gives it this special sturdy look.

The fabric goes through a double dyeing process that makes the colours vibrant and they vary from naturals to deep and muted ones.

Chalet is most suitable for upholstery and decoration and will for example make a beautiful headboard. You can easily find a matching colour in our lighter upholstery fabric Axel.

Please be aware that screen colours, printer colours and fabric dye batches may vary.

ARTICLE:	Chalet
BINDING:	Plain weave
DYEING:	Piece dyed
MAIN USE:	Upholstery, decoration
NUMBER OF COLOURS:	16
COMPOSITION:	55% Linen 35% Wool 10% Polyamid
WIDTH:	138 cm
