

## NESSO

Nesso is a double width soft semi transparent fabric in pure hemp. A mechanical soft wash makes the fabric soft and pliable and a little wrinkled which gives a relaxed and soft impression. The warp and weft have a slightly different color, which gives a varying color tone and a vibrant fabric.

This textile is washed to give it a unique look, it has soft small wrinkles. The linen yarn can be irregular with slob and knots depending on the natural character of the linen fiber.

It may stretch and/or contract depending on humidity, dryness and temperature.

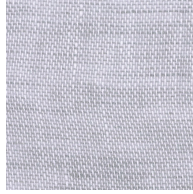

Please be aware that screen colours, printer colours and fabric dye batches may vary.
