

MOLINA

Molina is a double-width linen fabric woven with a technique that mimics hemstitching giving it a striped structure. The fabric is given a finishing wash we call "Mano della Nonna" (with grandmother's hand). The wash gives a smooth soft feeling, a beautiful drape and an evenly wrinkled texture. The fine and slightly loose structure of the fabric makes it stretchy. The artisanal washing causes the selvages to wrinkle more than usual.

Molina, Varenna and Fasano are part of the collection Mano della Nonna.

This article may stretch and/or contract depending on humidity, dryness and the natural character of the linen fiber.

Please be aware that screen colours, printer colours and fabric dye batches may vary.
