## TOLEDO

Toledo is a washed linen with a unique look deriving from the artisanal production process. The wash gives a lively and beautifully wrinkled surface. The squared woven pattern create a pattern that appears on both sides thus making it a two-faced fabric where the pattern gets inverted on the other side. It is a fabric full of character, equally suitable for curtains and tablecloths.

It will stretch and/or contract depending on humidity, dryness and temperature. The linen yarn can be irregular with slobs and knots depending on the natural character of the linen fiber.

Please be aware that screen colours, printer colours and fabric dye batces may vary.
