

## MAGENTA

Magenta is a dense double width linen fabric in classic linen beige colours. The finishing wash gives a lively and beautifully wrinkled surface. It is a fabric full of character, ideal for heavy draperies and decoration, providing a versatile solution for various interior design needs.

Magenta will stretch and/or contract depending on the natural fibre, humidity, dryness and temperature. The linen yarn can be irregular with slobbs and knots depending on the natural character of the linen fibre.

For best result use the width of the fabric as the width of the curtain.

Please be aware that screen colours, printer colours and fabric dye batches may vary.
