Moritz in beige, cushion in Orlando

MORITZ

Moritz combines the softness and texture of Norwegian wool with a naturally coloured warp, creating a fabric that is both vibrant and classic, featuring a distinct checkered pattern. The wool offers excellent insulating properties, making the fabric warm while still breathable. Additionally, the wool has natural sound-absorbing qualities, contributing to a quieter and more comfortable environment. The fabric is ideal for curtains, blankets, and cushions, offering many possibilities for various interior needs.

Moritz will stretch and/or contract depending on the natural characteristics of the wool fibre.

Please be aware that screen colours, printer colours and fabric dye batches may vary.
