

BEN

Ben is a hemp upholstery fabric with an all-European production. Offering structure, a soft dry touch, and a muted colour palette. Hemp has great environmental benefits, requiring minimal water, pesticides, and herbicides. It grows quickly and can improve soil health.

The fabric is suitable for home decoration and lighter upholstery, as well as beautiful heavy drapes.

This article may stretch depending on the natural character of the fibre. The hemp fibre is naturally uneven with slubs appearing giving a rustic effect.

Please be aware that screen colours, printer colours and fabric dye batches may vary.
