

MORANDI

Morandi is a further evolution of our renowned collections Torno, Brera, and Avena. Using the same exclusive materials—a combination of linen and wool bouclé—we have created something new and unique. In this version, two distinct bouclé yarn colours are intertwined over a warp composed of bundles of fine linen threads. The result is a fabric that feels light and airy. Its softness enhances the tactile experience, offering an inviting drape—perfect for curtains and cozy throws.

This article may stretch depending on the natural character of the wool fiber. For best result use the width of the fabric as the width of the curtain.

Please be aware that screen colours, printer colours and fabric dye batches may vary.
